THE PERKS OF BEING A HEARTHWOOD TEACHER:

Relaxed social setting

Appreciative, fun-loving students

Team teaching with other tutors

Non-traditional tutor experience

Helping resettled refugees

Last spring LVCA took over teaching a class of low-level refugees located in the Hearthwood Apartment complex. The class is held Tuesdays and Thursdays throughout the city school year and is part English lessons, part social engagement. We're looking for at least two more teachers who would like to be a part of this wonderful opportunity. Tutors must commit to one of the two days and also be available for monthly planning meetings.
