

Lesson Plan

Date: _____

Objective: What you plan to cover and achieve during lesson.

Warm-up: Check in with student about past week; transition into learning environment.

Review: Go over material from previous week(s); evaluate comprehension and retention; re-teach and more practice, if necessary.

Lesson/ Presentation of New Material:

- Introduce new content/unit/concept and explain why it is important and relevant;
- Work through new content SLOWLY;
- Student practice of new concepts with frequent checks for comprehension before proceeding.

Assessment: Use exercises in unit or workbook; ask open ended questions to gauge comprehension.

Closure: Assign homework; Confirm next meeting time and place.

Reflection: Self-evaluation; What went well and what can be improved; Ideas for other teaching materials and strategies for future sessions.
